Pathivara Devi Darshan:

We believe in our culture and our religious heritage. The goddess from the east, protecting our Himalayan panorama we believe in "Pathivara". The Goddess at Pathibhara is believed to fulfill the long-cherished dreams of her devotees, like sons for those without sons, and wealth for the poor. Pathivara Devi is considered one of the "Shakti peeths". Worshippers from different parts of Nepal and India flock the temple during special occasions, as it is believed that a pilgrimage to the temple ensures fulfilment of all that the pilgrim desires. The devotees of Pathibhara also include members of the Royal family from Nepal. The pilgrims sacrifice animals and bring gold and silver as offerings to the Pathibhara Devi.

"Pathivara Devi shrine (3794m) is a popular pilgrimage destination that is believed to fulfill the long-cherished dreams of her devotees. The animist deity at Pathivara is worshipped with equal reverence by both Hindus and Buddhist. And it is famous for the eastern part of Nepal even many people are coming over from India as well.

NAGARKOT:

Nagarkot, located 32 kilometers east of Kathmandu and is one of the most scenic spots in Bhaktapur district. It is renowned for its spectacular sunrise view of the Himalaya. Visitors often travel to Nagarkot to spend their night so that they can be there for the breathtaking sunrise. Nagarkot has become famous as one of

the best spots to view Mount Everest as well as other snow-capped peaks of the Himalayan range of eastern Nepal. It also offers an excellent view of the Indrawati river valley to the east. With an elevation of 2,195 meters, Nagarkot also offers a panoramic view of the Valley and is described by visitors as a place whose beauty endures year round. Many visitors prefer to visit Nagarkot in the spring when surrounding valleys break out in a rich kaleidoscope of different colored flowers.

Pokhara:

Pokhara, a city of naturally scenic beauty is situated some 200 km west of Kathmandu valley at the elevation of 830m. It boasts a combination of snowed peaks, crystal clean lakes, Panoramic Annapurna view and warm weather year round. Monsoon rains are strongest from June to August. It has the most beautiful Fewa Lake, Seti River, Mahendra Cave and various others interesting places around.

KI Singh Bridge, Bindya Bashini Temple, Barahi Temple, mountain museums, David's fall and Buddhist temple are other eye-catching places to visit around.

Muklinatha:

The Pagoda style Muklinath Temple is symbol of the religious symbiosis between both Hindus and Buddhists. Hindu believes that lord Vishnu got salvation from curse of Brinda (wife of Jalandhar) here. Therefore he is worshipped as Muklinath (Lit. the lord of salvation). The holy shrine, which is said to have risen on its own, is one of eight such shrines (the others include Srirangam, Sri Mushnam, Tirupati, Naimisaranyam, Thottadri, Pushkaram and Badrinath). It is also one of 108

Vaishnava shrines. Here in the early 19th century the Hindus consecrated a Vishnu temple and named is Muklinath - Lord of Liberation. Against a backdrop of incredible starkness you can sit and stare to the south the snow covered Annapurna range, or to the north the Tibetan plateau. According to Hindu Myth lord Vishnu turned into Shaligram because of Brinda's Curse. This place is opened through out the year but especially in Rishitarpani, Ram Nawami, and Bijay Dashami thousands of pilgrims gather here to celebrate the festival.

Lumbini:

Lumbini, a Historical religious place for all the Buddhist pilgrims. It is the birth place of Lord Buddha. Lord Buddha is also known to be "Light of Asia". Lord Buddha was born in two thousand five hundred years ago to royal family. Since ancient past Nepal has had an unbroken tradition of being the fountainhead of spiritual knowledge in the world. Lord Buddha is a prominent link in the chain of spiritual master incarnates who were born in Nepal to reveal the secrets of the inner realms of mind and soul.
